Commendation Recommendation

On 5/8/2019 at approximately 0920 hrs, Chief Eric Foerster had just picked up his morning Coffee from Starbucks and was heading back to the Office when he noticed a male and female subject duck down and pretend to be asleep as he passed in his Police Vehicle. Chief Foerster stopped to investigate this furtive activity. The Male subject stated that he did not have any identification with him and provided his name and date of birth. Chief Foerster observed a Texas ID with this Male subject's picture on the center console. Chief Foerster picked up this ID and observed that it displayed a different name and date of birth than what was provided. Further investigation revealed that this Texas Driver's license was forged. In fact, the car was full of well over 20 different peoples information in the form of IDs, Credit Cards, Checks and such. The car contained equipment to produce a wide variety of fraudulent financial documents. These two suspects were involved in a wide variety of fraud schemes and obtained peoples information through a wide variety of nefarious means. This was a major felony arrest. This is however, not uncommon for Chief Eric Foerster. Many lunch breaks from the Office have resulted in major arrests. It is highly uncommon for a Chief of Police to be involved in these types of activities and Chief Foerster deserves to be recognized for his outstanding dedication to the residents of Jersey Village.
